

Sleep: The Convergence of Healthcare and Telemetry

Join us for an evening of insight and ideas as we explore trends in digital health, remote patient monitoring as a cost cutting measure, and the often neglected third pillar of health: sleep.

Hosted by Wilson Sonsini Goodrich and Rosati

Dr. Melissa S. Lim, Co-Founder and Chief Medical Officer Somnology, Inc.

Dr. Lim is a board-certified sleep specialist with her own busy private practice in Redwood City, CA. She is the clinical architect of the internet-based sleep center management software Sleep Workflow, used by sleep labs across the globe. As Co-Founder of Somnology, Dr. Lim is also the clinical architect of the Plex® Sleep Scanner.

Donald Ross, Board Director and Managing Partner Digital Health, Life Science Angels

With more than 35 years of healthcare experience, Don Ross has amassed an impressive body of knowledge in the areas of software development, healthcare publishing, and diagnostics. In the digital health arena, he pioneered software for psychological testing and anxiety interventions, health risk appraisal and health behavior change. Don is a published author, has developed materials recommended by the NIH for patient education, and has written numerous articles addressing an array of health and wellness topics.

Moderator: Patrick J. Yam, CEO, Chairman, and Co-Founder of Somnology, Inc.

Patrick Yam joined founder Dr. Melissa Lim in 2015 to build a premier sleep monitoring device enterprise to serve the millions who suffer from sleep disorders and associated morbidities. Prior to that he was the CEO of Sensei Partners LLC, a Menlo Park, CA based private investment firm. His 25+ year career includes responsibilities as a macro economist, financial and technology executive, investment banker and advisor, and institutional investor with significant experience in company-building. A professional speaker and published author, he was the First Executive Professor of Innovation and Entrepreneurship at Santa Clara University and today lectures at SCU's Leavey School of Business, where he is a Regent.
